

Beginning at Grand Nationals 7, Walbro manufactured carburetors will no longer be legal for competition at any CKNA event. This rules update will be included in the supplemental rules for GN7, and all subsequent CKNA Rule Books moving forward.

Thankfully, it is a very simple thing to verify you have a current, legal carburetor. If it has the Briggs logo cast into it, you are good to go! If it says "Walbro", that part has had a good run, it is time to replace it with the updated version.
